The Thinker

Back of the beating hammer by which
the steal is wrought,
Back of the workshops clamor the
seeker may find the thought;
The thought that is ever Master of
iron and steam and steal,
That rises above disaster and
tramples it under heel.

Light of the roaring boiler, force
of the engin's thrust,
Strength of the sweating toiler,
greatly in these we trust;
But back of them stands the schemer
the Thinker who drives things
through,
Back of the job the Dreamer who's
making the dreams come true.

THE 1931-32 FOOTBALL TEAM

The 1931 Teachers on the foot-
ball field were just finding them-
selves as the season ended on
Thanksgiving. This team, composed
almost entirely of first year men,
many with very little experience,
developed into a smooth running,
hard fighting outfit towards the
close of the season.

It is a difficult job for a coach
to take twenty or thirty high school
boys and develop them into a col-
lege team in two or three weeks.
It is true that we had a large num-
ber of men out for football, but
there were very few experienced men
and experience wins games. There
was a great difference in the team
that played Bowdon in September and
the team that met Brewton Parker
Thanksgiving.

The big problem at the college
here is to hold the athletes here
from year to year. If we can return
every man that played football here
this year, the 1932 team will fur-
nish real opposition for anything
in the state next fall. Lets get
behind these boys, keep them in
school, and see that they are here
next September.

FILLING IN THE SPACE

Our joke is generally anothers
pain. The man who sits on the tack
rarely join in the laugh.

In Russia the grandfather is given
fish to eat and if it does not poison
him and he remains alive, then all
the family eat it.

It is always poor judgement when
you lose.

FUNNY

SNOOPER

The Snooper went to class with two column of good old campus gossip, but Mr. Donaldson thought best to leave it unwritten. We are giving, the only Snooper news. "That's fit to print." We wonder why Dora Smith sleeps in her sox---Addie Beatrice remarks that she is historical rather than hysterical.--- And we know that Coach Smith is now doing his family washing, due to the adpocission.
